

## Crane Training Schools Mesa

Crane Training Schools Mesa - We have designed lots of programs for Mobile Crane Operation at our Crane Training Schools. These programs are recommended for the experienced operator who requires re-certification or certification, and for inexperienced operator who is searching for work in the industry. Positions for crane operators are high due to their high pay. Crane operators are among the highest paid of whatever operator of heavy equipment.

Our Crane Training Schools include training and instruction for different mobile cranes. Course subject includes Crane Set-up, Wire Rope, Load Dynamics, Lift Planning, Rigging, Signaling and Load Charts.

The Crane Training School program is suitable for operators, riggers and supervisors. Course materials consist of a manual and informative hand-outs. The illustrated safety instruction manual features one hundred to two hundred fifty pages, depending on the course, of essential and helpful material. Course materials include load exercises and load charts for the crane with which the trainee is working.

Hands-On Safety Training will take up more than half of the course curriculum. The practical training part is the most effective method to developing and improving personal skill levels. Just experienced journeyman crane instructors are selected to teach the courses. Our instructors possess many years of practice in the business.

Optional testing mechanisms are offered for all of our courses. Students would normally write tests both before and after training. A test for skills is normally administered for programs which include H.O.S.T. People training will be tested and graded.

We provide certified training programs for the following cranes: Lattice Boom/Crawler Cranes; Fixed and Swing Cab Mobile Hydraulic Cranes; Articulated Boom/ Knuckleboom Cranes; Rigging / Signalperson Certification and Training; In-The Seat Training and Certification & Testing.
